OUR VENUE

Designed by renowned architect Daniel Libeskind, the museum is an architectural spectacle, symbolising a world shattered by conflict. Opened in 2002, IWM North is dedicated to telling the powerful stories of how war shapes lives and communities.

In the Main Exhibition Space, an AV-8A Harrier jump-jet serves as a distinctive centrepiece for a wide range of events, from drinks receptions to gala dinners. Meanwhile, the purpose-built WaterShard conference centre offers specialised event spaces equipped with cutting-edge AV technology.

Legacy

IWM Group is a registered charity, and any commercial activity helps us to continue telling the stories that made our history and inform our future.

Here are some of our fantastic legacy initiatives:

1

IWM is one of the venues available to visit through Hyundai's new ground-breaking programme The Great British School Trip, which offers a selection of free school trips and travel bursaries to reduce costs for schools, helping 25,000 young people access inspirational school trips.

2

The IWM Institute is an Independent Research Organisation that collaborates with leading universities, hosts public programmes of talks, performances, and podcasts, and works with a global network of experts to provide access to IWM's world-class collections and research themes.

3

IWM cares for over 155,000 three-dimensional objects as part of our collections. We want our collections to continue to engage, challenge and remain relevant to our audiences, and we need to safeguard it for future generations.
