## Celebrate in Style This Christmas

This year, we've created a relaxed, festive setting at the Palazzo that organisers can shape to suit their event. There's a soft nod to masquerade style, but nothing over the top – just a gentle hint so you can take it further if you wish. Guests will arrive to **Venetian-inspired imagery on our digital wallpaper**, setting a warm backdrop without dominating the space. They'll be welcomed with a **Christmas Bellini**, our seasonal twist on the original from Harry's Bar in Venice.

From there, the evening is as simple or as dressed-up as you choose. We provide the setting; you decide how far to take the masquerade element. Guests can enjoy the ambience as it is or bring a mask – whichever option feels right for your group.

*Choose a format that suits your celebration:*

### **Seated Gala Dinner**

A classic festive dinner in a comfortable, stylish setting.

### **Informal Reception Event**

A relaxed option with festive food and drinks, perfect for mingling.

However you choose to celebrate, the Palazzo offers a welcoming Christmas backdrop with just the right touch of magic.
